The sixteenth edition of this seminal textbook, Myles Textbook for Midwives, has been extensively revised and restructured to ensure that it reflects current midwifery practice, with an increased focus on topics that are fundamental to midwifery practice today. The book comes with Elsevier EVOLVE ancillaries – an online learning package which consists of 500 self-assessment questions and answers and a fully downloadable image bank.

**Myles Textbook for Midwives - 16th Edition - Elsevier**

and that has helped the discipline of midwifery to thrive. This book, Clinical Practice Guidelines for Midwifery and Women's Health, is designed with the practicing midwife in mind. The text condenses and outlines clinical care, highlighting the art and science behind the midwifery model of care. It is the authors' goal that this book support your professional practice as a resource by ...
